In MAD #355 on the front cover you spelled MAD with two A's. Why? All the other times before had one A.

Rare MAD #355

Unrare MAD #355

Danno — Two A's in MAD? Oh no! That bungling idiot Godfrey has struck again! We demoted him from accounting to the printing plant after the debacle we explained on the Letters Page of MAD #355, and he still can't do anything right! Fortunately for you it seems, Godfrey's blunder is your blessing! Only a percentage of the press run received this unique logo anomaly. In fact, we heard that on a recent episode of *The Antiques Road Show* on PBS, noted logographer Hans Brickface of Brickface's Bric-a-Brac, Inc. appraised one of these collector's issues at \$3,000 and indicated it was bound to increase in the coming months! Congratulations on your rare find! —Ed.

DO WOMEN HATE MAD?

I am a 9th grade student. Our English teacher, Mrs. Katsaras (I have to include her name in the letter, so if it gets published, I can show it to her and get some brownie points) recently assigned us to read ANY non-fiction book with one stipulation: we must enjoy reading it. I chose to read *Good Days and MAD* by Dick DeBartolo, and she approved my selection. When everyone announced their choices in class, and I told everyone mine, the girls all went "Eeeew... MAD's so juvenile!" The other guys loved it. I was shocked to hear that every girl in my English class hated MAD. Why is this? Don't females like mad too?

Jeremy Rosenbaum
Spork86@aol.com

Sporky — The next time a female tells you MAD is juvenile, look her right in the eye and say, "Nyeah, nyeah, nyeah nyeah nyeah! Your mother wears combat boots!" Then fart. That'll show 'em! —Ed.

The week before I left for a trip to The Middle East, a MAD Super Special (#116) was available with "Alfred the Sphinx" on the cover. I made a special trip to compare the picture with reality and was I surprised! The Sphinx in Egypt does not even closely resemble your cover. It looks like some bozo cut off the nose. At least it doesn't smell!

Ron Mortenson

Ron — You are to be commended for traveling thousands of miles to check the accuracy of a MAD cover! Though your picture is not technically a MAD Celebrity Snap, we've decided to send you a one-year subscription anyway. Dewar's

An elite group of specially gifted men and women dedicated to fighting the evils of the world. Dedicated to opposing the dark side that dwells within all men. And, most importantly, dedicated to talking in deep, slow, dreary tones that could bore a corpse! The name of this band of crusading sourpusses...

MIL-LEMON-IUM

I'm retired FBI Agent Dank Blech! I have a sixth sense that helps me solve grisly and gruesome crimes! My psychic gift is both a curse and a blessing! It's a curse because I can't stop putting myself inside some sadistic killer's head and entering his evil, twisted mind to see the gore he has perpetrated on his innocent victims! It's a blessing when my wife drags me to the ballet! I don't have to watch those silly people prancing around! I just close my eyes and enjoy the gore some sadistic killer has perpetrated on his innocent victims!

I'm Dank's wife! We moved to this exclusive community in Seattle because we were being stalked in Los Angeles! Now we're being stalked in Seattle! Turns out, it's a franchise! I got tired of just hanging around the house, listening to my husband's stories about grisly crimes all the time, so I decided to get a job as a social worker. I work with Seattle's increasing population of addicts! Some heroin junkies, some crackheads, but mainly the thousands of poor souls hooked on caffe latte! Oh, the humanity!

I'm their daughter! For some strange reason, everywhere Dad goes, it's dark and dreary! How dark and dreary is it? Well, he took me to the beach last Sunday! In the blazing sun at high noon we couldn't find the ocean! Got the picture?

I'm Dr. Frasier Crane, noted Seattle radio psychiatrist! Is the Mil-lemon-ium Group correct? Are there dark forces afoot here in our *au courant* city? Is there a segment of the human population dedicated to controlling our lives, perpetrating unspeakable acts on humanity and causing nothing but psychological pain and misery? One word: Microsoft!

Hey, Dank, what are you wearing?

What does it look like? **Black** pants, **black** shoes, **black** socks, **black** shirt, **black** tie and a **black** jacket! Didn't you tell me to dress **extra special** because it's a festive occasion?

Yeah, but **why** is **everything** **black**?

Not **every-**thing! My underwear isn't **black**! it's **dark gray**! A very festive **dark gray**!

Why is she crying? I got her exactly what she asked for — a **Barbie doll**!

Yeah, but the **head** and the **arms** were in **separate boxes**!

So?

Dank, you've got to stop bringing the job home with you!

I have to go! The office is calling me! Which is pretty amazing considering I don't have an office!

You're leaving your daughter on a holiday?

Sorry, but deviates, perverts and killers don't take holidays! Why not invite some of the neighborhood kids over to play that cute game I devised!

"Pin The Colon on the Cadaver" isn't what I'd call a cute game!

Tell me what happened!

When I withdrew \$500, the money drawer opened and a bloody, severed hand clutching five \$100 bills came out!

You're lucky you weren't at a **SPERM** bank! You wouldn't want to see what the hand would be clutching!

I'm using my **psychic powers** to see if I can deduce anything from this severed hand...

I see the hand being cut off by a person wielding an ax! Blood's squirting everywhere! Wait! Something else! The person who lost the hand feels pain!

Wow! Dank, your **psychic powers** amaze me!

The way the severed hand was positioned in the cash machine means the murderer was reaching out, almost as if to say, "Howdy, my name is **Biff!** I'm from **West Virginia!** And I'm **deranged!**"

Dank, one of the \$100 bills from that severed hand has a message etched in the border: "It's easier to slide a rich person through the eye of a needle if you make the pieces small enough!"

Hmmm, some of that phrasing is from the Bible!

The Bible? What, from the *Book of Hannibal Lecter*?!

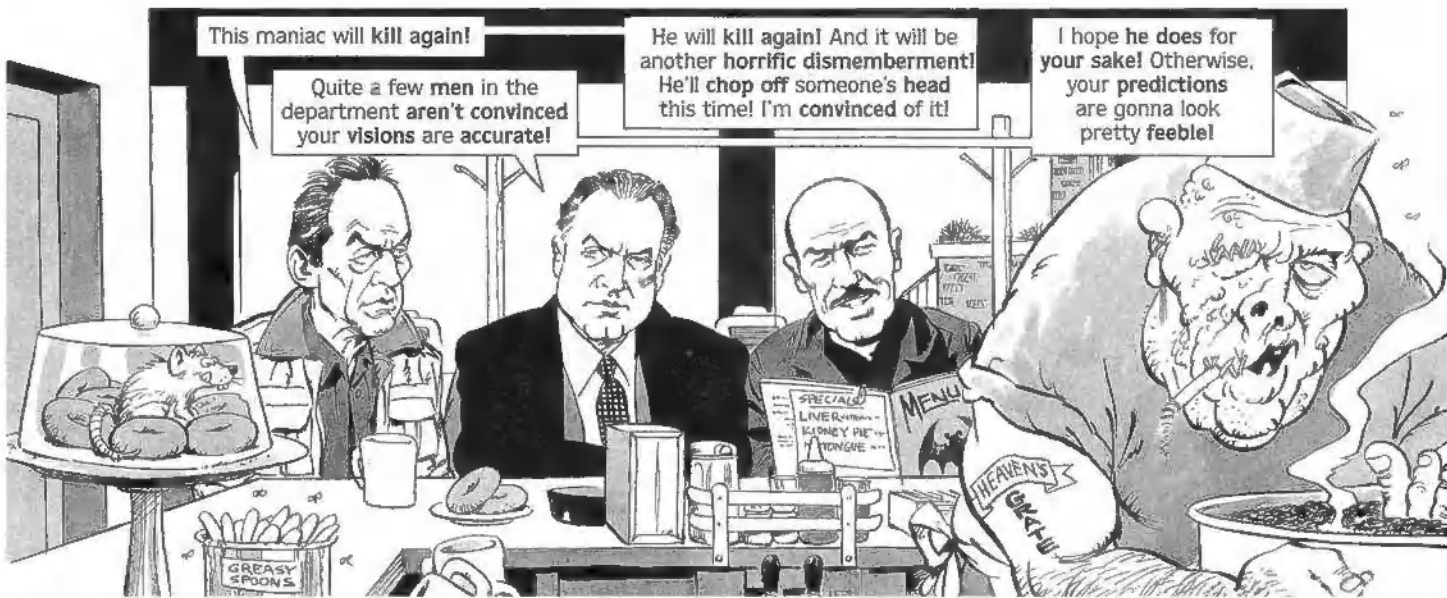

This carnage is really affecting my stomach!

Mine too! I'm famished! Let's go get something to eat!

Dank, do you have a flashlight?

What do you need a flashlight for?

To see what scene we're in! No matter where I go with you, it's pitch black!

This maniac will kill again!

Quite a few men in the department aren't convinced your visions are accurate!

He will kill again! And it will be another horrific dismemberment! He'll chop off someone's head this time! I'm convinced of it!

I hope he does for your sake! Otherwise, your predictions are gonna look pretty feeble!

Daddy's been away for two whole days! When is he coming home?

When he finishes catching all the bad men!

Are there a lot of bad men out there?

There's one a week for 13 weeks, and then hopefully, if the ratings are good enough, 13 more!

Honey! I had to stop home for a little break!

Perfect timing, Dank! Nothing like a nice home-cooked meal to take your mind off your grisly work!

Great! What did you make?

A chopped liver appetizer, ribs for the main meal and for dessert, lady fingers!

Dank, the owner of the store said this came in today's mail! It's so decomposed no one can tell what it is!

I can! It's a severed head!

Your miraculous vision tells you that?

That, plus the fact it's wearing a top hat!

Yaggh! This thing smells absolutely awful!

It was obviously sent by a deranged person! Only a madman would use the Post Office to send something like this! A mentally competent person knows enough to send a severed head by FedEx Next Morning Delivery so it would arrive nice and fresh!

There was a note attached and it's addressed to you, Dank! It reads: "You like to plan a head! Bet you didn't plan on this one! Ha ha! Isn't that rich?"

A pattern is starting to emerge here! This person has a personal vendetta against the wealthy!

Notice, the severed hand was holding money! The severed head wears a top hat, an obvious reference to a wealthy person's wardrobe! And the phrase, "Isn't that rich?"

I'm still not convinced!

Then how about this! The note continues on the other side! "P.S. I hate rich people!"

Hmmm, maybe you're on to something there...

Dank, I found a diamond earring in one of the dryers!

It's mine! It's mine!

Gimme a break, lady! The earring is still attached to an ear!

Er...yes! I remember lending my earring to that same ear! Let me have it back!

Time's running short, Dank! Have one of your psychic flashbacks already! We need to wrap up this case!

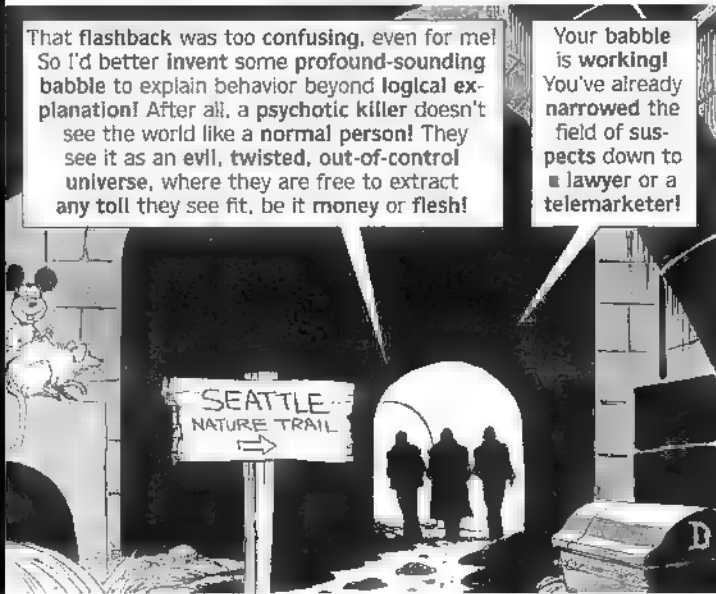

Okay, here goes...

Hey, you! You're in my flashback!

Really? Well, for your information, I'm the Profiler! From NBC — ■ real network! And I also use psychic powers to solve crimes! And I say YOU'RE in MY flashback!

You're both wrong! I'm the Pretender, also from NBC! But I'm on an hour earlier than you, Miss Pretender! That means I get first dibs on this flashback!

That flashback was too confusing, even for me! So I'd better invent some profound-sounding babble to explain behavior beyond logical explanation! After all, a psychotic killer doesn't see the world like a normal person! They see it as an evil, twisted, out-of-control universe, where they are free to extract any toll they see fit, be it money or flesh!

Your babble is working! You've already narrowed the field of suspects down to ■ lawyer or a telemarketer!

Pay now, please! How can I pay now? I don't know how long I'm gonna be here!

Sorry! So many people are maimed and killed before they leave this parking garage, we collect the cash in advance!

It's really that dangerous in here?

Let me put it this way — the only thing that doesn't get slashed here are the tires!

I've caught our killer! I put myself in his place!

It's that psychic gift you have!

No, I mean I REALLY put myself in his place — his parking place! You know how people are about getting the last parking space! He was so outraged, he came at me with ■ meat cleaver, spouting gibberish about "a fool and his money and his limbs are soon parted!" That, and his "Plan A Head!" T-shirt told me I had our man!

I'm tired of all this gruesome bloodshed! I'm leaving the MIL-LEMON-lum Group! I can make much more money by going to the other side!

The evil side? You're gonna enter the criminal world?

It isn't exactly criminal! It should be, but it's not! I'm joining the Psychic Fiends Network! I can make \$3.99 a minute, earn a bundle, and take the family on a trip 'round the world! We'll visit every cemetery on Earth! Now THAT'S what I call living!

Maximum security incarceration – most people say nothing can prepare you for it! Life on the Inside, they say, is lonely and miserable! But then, they never had our handy-dandy guide ■ the ins and outs of cell life! So, if you're ever sent up the river, bring along something that we, MAD's Impresarios of Imprisonment, like to call...

"SO, YOU'RE GOING TO PRISON!"

DAY ONE: You arrive. You'll be amazed to see how popular you are as the new guy! But don't let all the attention go to your head! Remember to be choosy when selecting new pals.

MAKING A NEW FRIEND FOR LIFE:

Having friends on the inside is important! Here's a helpful hint: Find the largest sociopath and try to win his favor. When you pull ■ sharpened tooth brush out of Slashy the Lifer's back, you'll be making a friend you'll have forever! And the crude weapon is yours to keep!

YOUR NEW HOME LIFE:

Though some complain about the dank, drab living conditions in prison, you should remember that your cell is what YOU make of it! Look at it as your very own 9'x11' castle! Have fun! Be creative! Here are a few tips from Martha Stewart to brighten up your pad:

MAKE TOILET PAPER ROSES

(Be sure to only use the new stuff!)

HAND-KNIT A TOILET COZY

(It'll really warm up the stainless steel!)

TURN THE STAINS ON THE COT ABOVE INTO NICE, HAPPY FACES

(It's fun!)

MAKING THE MOST OUT OF YOUR TIME:

Hobbies can be great, especially if you do something your new buddies will like.

For example, if you like to doodle, you're well on your way to becoming the cellblock tattoo artist!

All you'll need is...

- a ball-point pen
- a coffee can lid
- an E-string off a pal's guitar

KEEP YOUR SPIRITS UP:

Sometimes, no matter what you do, being the new guy can be tough! When your fellow inmates start razzin' you, it's time to call on your new buddy, Slashy.

STUDY TIME IN THE YARD: Don't spend all your free time lifting weights and goofing off. An afternoon in the Yard can be like a trip to the United Nations! There are so many interesting clubs, it's difficult to choose just one! Why not choose them all? Learn all about European History with the **Aryan Nation** ...

...and then in the sixteenth century the Jew bankers learned how to turn the blood of Christian babies into wine...

...or brush up your Spanish with the **Mexican Mafia!**

Donde estan los cigarillos?
(Where are the cigarettes?)

Donde esta Slashy, el loco muy grande?
(Where is Slashy, the big psychopath?)

Voy a hacerte mi esposa!
(I'm going to make you my wife!)

WHEN SOME FRIENDS LEAVE:

There are times when you're better off not getting overly attached to anyone...especially in Florida, Texas or Utah.

Hey, Stabby, I got that book you've been wanting! Say, how about that black-out last night? Uh, Stabby... you in there buddy?... Stabby? Hellooooo?

SAYING GOOD-BYE:

Before you know it, a liberal administration will have you back on the streets and you'll have to say good-bye to all your new friends. Be strong, you can do it!

Slashy...I...
(sob)...I want
you to have my
toilet cozy.

Slashy
sad. I go
burn my
cell now.

Always make every effort to keep hands, hair, clothing and jewelry clear of the garbage disposal unit while vomiting in your host's kitchen sink!

When it becomes apparent that you are about to pass out, serious trampling injuries can be avoided by quietly directing yourself to a low-traffic area prior to losing consciousness!

Embarrassing and potentially serious injury can be avoided by asking your host or hostess for assistance in locating the bathroom light switch. What feels like a toilet in a darkened room may instead be a life-threatening appliance when used improperly!

The safety-conscious party animal knows that it's important NEVER to stand on the "hinge" side of a bathroom door!

BEHIND THE INEBRIATE BALL DEPT.

Some people were born to party, and to party hard! C'mon, you know who you are out there! But like any other hazardous situation, you have to be quite careful when you wanna get down and boogie! So before you go and ruin another good shirt with your own vomit here's MAD's

SAFETY PARTY

When the time comes to dance on the bar while performing a striptease, it is important to avoid injury by first removing any bottles, spills or beer nuts, which could cause a sudden loss of balance!

Depending on your level of intoxication, a common cushion or pillow may bear a striking resemblance to a full bag of potato chips. Select your snacks with care at all times to avoid the irreversible effects of Dacron Polyester poisoning!

To avoid the risk of accidental poisoning, never consume the contents of a bottle or container when you are too intoxicated to read or understand what's on the label!

TIPS FOR THE ANIMAL

ARTIST & WRITER: TOM CHENEY

When operating motor vehicles indoors, insure that adequate ventilation is provided to avoid exposing yourself and others to dangerous levels of carbon monoxide from engine exhaust!

Always walk, never run, during the mandatory "wearing of the lampshade," as there may be hazards of which you are visually unaware!

When it comes time to trash your host's home or apartment, it is important to avoid the risk of electric shock by first unplugging any appliances you intend to destroy!

Listen, if you can handle, "Do you
mind stepping out of the car, sir?"
then you can handle this.

PATIENT'S RIGHTS

5. THE PATIENT HAS THE RIGHT TO be treated by doctors and nurses who speak impeccable English—unlike real hospitals, where most of the staff speak a confusing mix of Indian, Korean, Japanese, Ebonics, and a touch of that lilting island patois that sounds lovely but is absolutely indiscernible to most people.

6. THE PATIENT HAS THE RIGHT TO hear the doctor yell, "We're losing him, people!" in a loud dramatic voice.

7. THE PATIENT HAS THE RIGHT TO an abortion unless such controversial subject matter scares off current and/or potential sponsors, thereby threatening the show's ad revenues.

8. THE PATIENT HAS THE RIGHT TO a private room, regardless of financial status, if such a room is needed for a dramatic doctor/patient heart-to-heart talk or emotionally-charged confrontation to add interest to an otherwise flat episode.

9. THE PATIENT HAS THE RIGHT TO late night "just wanted to check on you" visits by several top doctors who, if it were the real world, would never be in a hospital past five p.m., let alone sober!

A MAD LOOK AT SP

IRITUALITY

ARTIST AND WRITER: SERGIO ARAGONES

Ask your grandparents when and how they met and you'll probably get answers like "at a church social," "on a hayride," or "in the malt shop." Ask your parents, and it'll be "at the anti-war demonstration," "in a commune outside Santa Fe," or "on an LSD trip." So, what about you and all your slacker friends? What sort of lame crap will you be trying to pass off as "romantic" to your grandkids 50 years from now? We're betting it'll be one of these...

"How We First Met" Stories

THAT TODAY'S YOUNG LOVERS WILL BE STUCK WITH

ARTIST: R.J. MATSON WRITER: MIKE SNIDER

I always did go for a man in a uniform, so naturally...

We both o.d.'d one night and wound up in the same E.R.I

...and the moment
our heads butted in
that mosh pit, I knew
he was the one!

For nine straight months we
hung out at the O.J. trial,
for no good reason!

Her gang and my gang were
trying to carjack the same
BMW! Talk about embarrassing!

He was having nipple rings put in while I was getting my tongue pierced!

...at a safe-sex demonstration! There was something about the way she handled her banana!

We were both stalking Keanu Reeves!

We couldn't believe those newspaper stories about shady fund-raising schemes and the selling of Clinton White House. That until someone slipped us this secret solicitation.

After winning five gold medals for track events, what advice do you have for others who hope someday to achieve what you have this week?

Practice, practice, practice! I practiced at least five hours a day, every day for the last four years!

Big deal! I did the same thing and I lost!

GIVING

Mister, can you spare some change?

Sorry, friend, but my policy is to make donations only to organized charities!

Big mistake! Aren't you aware that more than 90% of every dollar donated goes to administration, promotion and ridiculous salaries?

At least with me there's no middle man!

The X-Files is frequently criticized for being hokey and unrealistic! Why? Is it because of the aliens, ghosts, ludicrous conspiracy theories, vampires, clairvoyants, gargoyles or monsters (all of which are about as believable as O.J. Simpson's testimony)? No, the truth can be found in these

REAL REASONS WHY THE X-FILES IS TOTALLY UNBELIEVABLE

It's about government employees who are competent, committed and hard-working!

Good lord, Horatio, I do believe that is an extraterrestrial space craft!

There have been scads of UFO sightings on the show, but not a single one was made by a drunken redneck ■ a pickup truck!

REAL REASONS WHY THE X-FIL

The Cigarette-Smoking Man never gets hassled, no matter where or when he lights up!

A hot sexy babe like agent Scully surely would have been singled out for "special" Clinton White House duty by now!

The government that's supposedly behind some grand, secret project involving the DNA of everyone born since 1954 ■ the same government behind the IRS, Waco, \$600 hammers and the Richard Jewell Investigation!

ES IS TOTALLY UNBELIEVABLE

The series is in its fourth season, and the two attractive, single lead characters **STILL** haven't hopped into the sack!

Anyone as obsessed as Mulder is with aliens and crazy conspiracy theories would **■** working for Oliver Stone or *The Weekly World News*, not the Feds!

It's a FOX show that's consistently in the Top 20!

You just learned firsthand what
“downsizing” means. Drink up.

For years, the good folks at Disney have made a fortune by taking classic fairy tales and exciting historical stories and turning them into boring, bloated animated musicals! But eventually, Disney is going to run out of Cinderellas, Snow Whites and Pocahontases to exploit, and will have turn to a new source — material — popular movies! And when that happens, you just might want to follow Uncle Walt's lead and lock yourself in a cryogenic freeze chamber instead of sitting through...

Disney-FIED VERSIONS OF ADULT FILMS

There was a pair of hoods who did many fun things. They wore cool suits. They babbled about French hamburgers. They took heroin. But what was their favorite thing in the whole world? Shooting people!

Agent Starling, I felt you should talk to the number one expert in the country with insight into psychotics and lunatics! But since Jenny Jones was busy, I got you an appointment with the guy in charge of Hannibal the Cannibal!

Didn't anybody notice that the rivers around here were full of rotting corpses?

Well, sure, the water DID start tastin' better, but we just figured the nuclear plant upstream had another "incident"!

Take a look at this beauty — or rather, what's left of her!

You should only know —

*Eyes and mouth and nose
Gone without a trace;
Since they disappeared,
I've been feeling weird —
Call it "loss of face!"

Look much slimmer now
Since my weight's decreased;
But let's face the fact,
When you're sliced and hacked,
Beauty is decreased!

Sung to the tune of "Beauty and the Beast"

You psychotic sonofabitch!
How can you keep another
human being in a dank, wet,
vermin-infested hole that's
only six feet wide?

Are you kidding? I used
to be a New York City
landlord! You should
be writing me a check
for 2,000 dollars!

Telephone!

Starling!
Quid

Either this is a Latin
teacher into truly
weird phone sex, or
it's Lecter! Tell me,
now that you've
escaped and are free,
how are you feeling?

*Persona non grata!
What a terrible fate!
Persona non grata!
Let me tell you straight!

They os-tra-cize me —
Was it someone I ate?
All so-ci-e-ty...
Has lab-eled me...
Persona non grata!

When I was a young, young lad,
I lost the one friend I had!
Sliced his guts in the cellar
where the two of us played,
Then pigged out on my classmates
in the second grade!
And I learned how unfair
that the world...can...be
When the kids who were left
wouldn't play...with...me!

And, oh, the pain
When they judged me in-sane!
Now I'm on my own here —
Always dining alone here —

'Cause I'm...
Persona non grata!
People see me and run!
Persona non grata!
I'm the one they shun!
I'm just a gour-met —
Not Attila the Hun!
But the world, you see,
Considers me
Persona non grata!

Sung to the tune of "Hakuna Matata"

Once upon a time, in a quiet little village in a quiet little land, lived a man and his wife. Now, this couple wasn't rich, or popular, or remotely interesting in any way, but they stuck out the hard times the best way they knew how — together.

Get off me, you filthy mutt! You're sick, you know that?

Listen, you greasy wench, you promised "In sickness and in health"! So you'll take my sickness, or you won't be so healthy no more!

Uh-oh! They're at it again, Corky!

I knew I shouldn't have opened that fifth bottle of Ripple '89!

Hey! Where's she taking Slicer?

*Snippity — Ooh! Ah! Snippity-ay! Aye-yi-yi! Not to mention Oy Vey! Look at Lorena... slashin' away! Snippity — Ooh! Ah! Snippity-ay!

Mis-ter Bobbitt should have told her, Havin' sex is pointless When a husband winds up jointless!

Snippity — Ooh! Ah! Snippity-ay! I've got a feel-in' This ain't his day!

Too bad things didn't work out! But wherever I go, I'll always have a little piece of you with me!

Listen, Bobbitt, you're hot now, baby! But soon the public's going to move on to the next tabloid freak! You've got to make this movie while your fifteen minutes of fame are still happening!

Fifteen MINUTES? Are you nuts? I never managed that before!
